### Exclusive to Miele

**Highlight indicates difference from model to model within the appliance group.** <sup>1</sup>Built-under kit additional extra. <sup>2</sup>Thanks to the new Wash2Dry networking function, your washing machine sends its data to the tumble dryer after the wash cycle. The dryer then automatically selects the corresponding programme for your laundry. <sup>3</sup>99.99% of germs and bacteria are removed thanks to prolonged drying time. Results tested and proven by Rhine-Waal Technical University. <sup>4</sup>Miele@home is the umbrella term covering all aspects of connected Miele appliances, regardless whether their operation is via the Miele App, via voice control, or via full integration into existing Smart Home systems.

### Exclusive to Miele

Highlight indicates difference from model to model within the appliance group. <sup>1</sup>Built-under kit additional extra. <sup>2</sup>Thanks to the new Wash2Dry networking function, your washing machine sends its data to the tumble dryer after the wash cycle. The dryer then automatically selects the corresponding programme for your laundry. <sup>3</sup>99.99% of germs and bacteria are removed thanks to prolonged drying time. Results tested and proven by Rhine-Waal Technical University. <sup>4</sup>Miele@home is the umbrella term covering all aspects of connected Miele appliances, regardless whether their operation is via the Miele App, via voice control, or via full integration into existing Smart Home systems.

### Plinth set for washing machines and tumble dryers

#### WTS 610 99501700

Laundry plinth with integrated drawer, twin set. Suits selected Miele washing machines and tumble dryers. \*\*The plinths can only be installed as a side by side configuration, with laundry models secured directly to the plinths. This model is not suitable for singular installation, stacked appliances, or single washer-dryer models. Miele plinths are suitable for Miele appliances only, due to safety regulations. Price includes installation for Metro only.

**\$1,299**

#### Reasons to choose a Plinth Set

- Ideal for people who require:
  - Easier access to their laundry appliances
  - Additional storage space for laundry items
- The plinth height allows you to load and unload your laundry without having to bend over.
- For secure installation the appliances are fixed onto the plinths.
- Plinths are safely secured to each other for added stability and not drilled into the floor.

▲ Limited stock, only available while stocks last. \*Product available to special order only, estimated delivery time 3 months from date of order.

\*\* Not compatible with WQ 1000 and WQ 1200 washing machines.
